

TO: All my Friends

Simply – Thank you!

Hard to believe that I have been doing this for three decades, and willing another three.

Through all of the winding roads, I am very proud of what Sure Flow has accomplished

Specifically quality and universal certification/approvals. I am very proud of my staff, as we

have had some special employees that have been here numerous years. I will not compromise on quality.

Below is my new buddy “Acer”. Please find the attached “Insane Pricing “on our standard products “Top Gun”. Sure Flow will be launching New Products shortly.

Once again, thank you. This is my new buddy – Acer!

Our promotions will be on our website.
